Koch's Turkey Farm introduces marinated turkey fillets

TAMAQUA, PA – Koch's Turkey Farm announced today the formal introduction of marinated turkey fillets for quick, convenient family meals.

“Our new marinated fillets are designed to meet the busy schedule of today's families,” said Duane L. Koch, president of Koch's Turkey Farm. “Plus, mealtime is sure to be memorable with the rich flavor of our new marinades.”

The new line of marinated turkey fillets include ginger teriyaki, honey ginger, Korean sesame, lemon pepper and plain/non-marinated. The fillets are perfect for broiling, baking, frying or grilling.

“When people think turkey, they think it means hours in the kitchen getting dinner ready,” added Koch. “Our new marinated fillets allow families to now enjoy our quality turkey in a matter of minutes.”

Koch's products are all natural, vegetarian fed, antibiotic and preservative free and sold nationally at Whole Foods and other fine natural foods stores. A full line of fresh turkeys, turkey breasts and turkey parts are available as well as nitrite free smoked products.

Founded by Lowell Koch in 1953, the Koch's Turkey Farm tradition continues today with second-generation family members Barbara Koch, Duane L. Koch, Beth Koch Argall and Pamela Koch Williams.
