Koch's Turkey Farm introduces fresh ground turkey for summer

TAMAQUA, PA – Koch's Turkey Farm announced today the formal introduction of fresh ground turkey for the summer grilling and barbeque season.

“When you think of grilling this summer, think of serving something unique and healthy – think turkey from Koch's Turkey Farm,” said Duane L. Koch, president of Koch's Turkey Farm. “Our new fresh ground turkey will make your burgers memorable and delicious.”

Koch's fresh ground turkey is available in two varieties- white ground boneless/skinless breast meat or dark ground boneless/skinless thighs. In addition to turkey burgers, Koch's marinated turkey fillets are perfect for summer grilling. The marinated turkey fillets include Ginger Teriyaki, Honey Ginger, Korean Sesame, Lemon Pepper and Plain (no marinade).

“Let Koch's add a little flavor to your barbeque with our marinated fillets,” added Koch. “When you choose Koch's this summer, your grilled turkey burgers and fillets will delight your family and friends.”

Koch's products are all natural, vegetarian fed, antibiotic and preservative free and sold nationally at Whole Foods and other fine natural foods stores. A full line of fresh turkeys, turkey breasts and turkey parts are available as well as nitrite free smoked products.

Founded by Lowell Koch in 1953, the Koch's Turkey Farm tradition continues today with second-generation family members Barbara Koch, Duane L. Koch, Beth Koch Argall and Pamela Koch Williams.
